

# Provide the **tools** to protect their **health**

E-Med On Call provides members with comprehensive resources to prevent illness, reduce health risks, stay fit and eat healthy.

Our turn-key E-Med On Call membership kit includes a program guide, unique member ID card, envelope and website. If requested, our in-house marketing team can white-label this turn-key program. For added convenience, we can handle all print production and mailing services.

## Wellness

### 24/7 online access to physicians

- E-Med On Call makes it easy to address any health question or medical concern with an online physician, psychologist, dentist, pharmacist, dietician and fitness trainer. You'll receive a personalized response, often within 24 hours.
- Avoid unnecessary trips to the doctor, cut inflated medical costs and co-pays and make informed decisions about your family's health care.
- Upload images, PDFs or labs for our medical professionals to review.

### Online health manager

- With over 40 lifestyle, work style, behavioral health and disease-specific assessments, E-Med On Call helps you learn of habits or behaviors that may impact your long term health and wellness.
- Each assessment generates a personal report with specific recommendations for a healthier life.

### Nurse hotline

- If you have an urgent (non-emergency) medical situation and need professional advice, call the nurse assistance line toll-free, 24/7.
- A registered nurse will talk with you about your symptoms and recommend an appropriate course of action.

### Health information library

E-Med On Call provides you access to a comprehensive library of over 2,100 health-related topics.

### Online fitness & nutrition

- As a member of E-Med On Call you have access to one of the most-comprehensive online weight loss, weight control and body transformation programs ever developed.
- Enjoy creating custom workouts, step-by-step exercise videos, a nutrition analyzer, exercise log and much more!

## Lifestyle

### Online farmer's market

E-Med On Call connects members with farmers from all over the nation via one of America's first online markets.
